

7<sup>th</sup> Annual Tournament  
2006

*With thanks for your interest in the annual **Racquet for the Cure** racquetball tournament, this year will mark our seventh year of hosting this benefit for breast cancer research. This event is held on the first weekend in February each year, and has grown to include at least ten other cities across the nation. We also involve the highest caliber female athletes in the sport, by bringing in top-ranked touring professional players from the WPRO (Women's Pro Racquetball Organization) to stage a benefit Mixed doubles event sponsored by the WPRO themselves, a Women's Pro Division as well as offer clinics to the entrants. The WPRO will also donate their time by sharing their training, expertise and knowledge in support of this very important cause.*

*In order for us to continue to provide the highest quality tournament for both our local enthusiasts and the touring professionals, we are seeking additional operating funds to help offset the costs associated with hosting what we feel is one of the premiere women's-only competitions in the country. By soliciting – and receiving -- funds that allow us to offer top-notch hospitality, event souvenirs and prizes, plus underwrite travel and lodging for our professional athletes, we have been able to effectively maximize our fundraising efforts on behalf of the Susan G. Komen Foundation. Our entrants are treated to a first-rate event, and they – in turn – are generous in their support of special benefits and fundraisers for the pink ribbon cause.*

*In our first year \$200 was raised, and we have steadily increased our contributions to an all-time high of \$6800. We are very proud of our efforts, and each year we work towards bettering the tournament so that we can raise more funds for the Susan G. Komen Foundation. We have added and promoted some higher-end signature items to our basic entrant package, which helps attract more participants, which in return, allows us to increase our donation. This tournament is a Colorado-based original which has set a standard for events of its type nationwide, and receives both local and national media coverage.*

*We hope that you consider supporting our event in 2006 – to enhance both the camaraderie of those athletes who take up their “Racquet for the Cure” as well as for those suffering and healing from breast cancer. Your help would certainly go a long way in assisting our efforts to increase our donations for the cause.*

*Thank you,  
Jean Gallagher*
